## SANY + AIR SANITISER COMPRESSOR

Sany + Air is a premium, low-pressure oil-free compressor equipped with a pressure gun that can spray sanitising products with very little air. Simply add your chosen sanitising liquid to the lightweight unit or purchase our recommended *Viraclean Hospital Grade Disinfectant* for the device (Viraclean can be purchased from Bunzl Safety) .

### FEATURES & BENEFITS

- Robust enough to work continuously for several hours
- High quality Italian made components
- Lightweight, convenient and very easy to use
- Adjustable pressure reducer and flow regulator
- Nebulisation is efficient and allows alcoholic solutions to dry instantly
- Continuous dry spray action deposits sanitising products homogeneously on large surfaces
- Equipped with a 5 meter spiral tube, allowing quick and free movement around objects and rooms

### APPLICATIONS

Highly suited to:-

- Offices, schools, medical centres
- Shopping centres and shopping trolleys
- Vehicle and machinery cabs
- Food and hospitality industries

# AERIS ACTIVE

**HOSPITAL GRADE HARD SURFACE DISINFECTANT CLEANER.  
FOR USE ON ALL HARD SURFACES**

## Broad-spectrum disinfectant/cleaner with outstanding residual biocidal activity

- Kills protects & removes stains
- 3-in-1 virus, bacteria and mould treatment
- Provides extended protection against recolonisation
- Effective cleaning – leaves surfaces hygienically clean

## PRODUCT OVERVIEW

- ✓ Hospital-grade disinfection
- ✓ Antibacterial protection for up to 7 days or 200 touches
- ✓ TGA listed

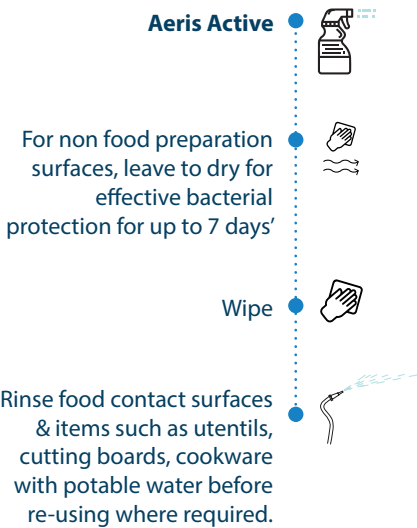

**Aeris Active™** is compatible with the vast majority of both natural and synthetic surfaces prone to microbial colonisation.

**Aeris Active™** helps long-term microbial control with its patented quat-polymer invisible protective film, ensures that your surfaces remain germ free. The film does not impact how the surface is used, leaving the treated surface cleaner and safer for a longer period of time.

For direct food contact surfaces such as cutting boards & utensils, once clean & disinfected with Aeris Active, rinse with clean potable water before re-use where required.

### Aeris Active™ has triple action benefits:

- ✓ Kills germs, broad spectrum bactericidal & viricidal
- ✓ Kills & removes mould & mildew
- ✓ Removes discolouration caused by mould and remnants of dead organisms
- ✓ Leaves behind an invisible film providing residual protection from recolonisation on the surface

### PRODUCT NOTES

- i. Always refer to the product label instructions, SDS and IFU prior to use
- ii. Less effective on porous surfaces

MKT-083-A-02

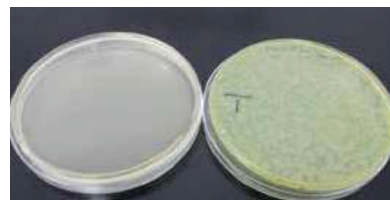

# AERIS ACTIVE

**HOSPITAL GRADE HARD SURFACE DISINFECTANT CLEANER.  
FOR USE ON ALL HARD SURFACES**

## FEATURES & BENEFITS

- Broad spectrum bactericidal & viricidal activity
- Effective in killing fungi
- A safer alternative to bleach
- Patented technology
- Leaves an invisible tack-free film
- Excellent cleaning properties & efficacy
- No build-up over time
- Greenest formulation available
- **HACCP approved**
- Highest efficacy in class
- Dual biocides with broad spectrum activity
- Validated long-term residual antibacterial efficacy
- Invisible, no build-up
- Universal hard surface compatibility
- **TGA listed**

Challenge with 108cfu/ml P.a. (ATCC No. 15442) Swabbing (16 hrs. after contamination)

## PREPARATION

Product Code	Description	Dilution Rate
AG-AA-750	Aeris Active 750mL	Ready to Use
AG-AA-5	Aeris Active 5L	Ready to Use

Product Code	Application Rate
AG-AA-750	As required
AG-AA-5	As required
